Sprint Review 5

Scrum 8:

Scrum Master: Adam Green

Product Owner: Aaron Schanck

Development Team: Ashley Drexler, Liam Blair

Not Present: Lakshmana Silva

Scrum 9:

Scrum Master: Aaron Schanck

Product Owner: Lakshmana Silva

Development Team: Ashley Drexler, Adam Green

Not Present: Liam Blair

Features implemented

- XML: view history page
- XML: order history page
- XML: wish list page
- XML: All settings subpages
- XML: Chat
- UX: settings subpage traversal
- UX: Business Registration
- Item Reviews
- User cart
- User wishlist
- Transitioning into fragments for a more responsive experience

Issues fixed

- Cleaned up database + schemas
- Home page back button bug fixed
- Add Listing page bug fixed
- Transitioned some activities to fragments
- Fixed formatting of decimals
- Changed text to a darker look without too much intensity

Implementation review

What Went Well

- User wishlist + cart
- Checkout and cart pages
- Item reviews creation and display
- More teamwide contributions to project

How Problems Were Solved

- Discussing with team members on potential solutions
- Debugging
- Researching ways to solve issues

Changes made

- Moved on from activities; now using fragments

Plans for next sprint *(What will be done for the next sprint)(Priorities based on 1-5, with 5 being most important)*

- Finalize current existing features: 5
- Start debugging and testing to ensure robustness (soft feature freeze): 5
- Add Buttons for confirm and cancel in settings page: 4
- Complete transition of activities to fragments: 5
- Update the visual quality of app UI/UX: 5
    - Home Page
- Add more visual clarity to user interaction (incorrect credentials, etc.)

Scrum Review *(What went well in Scrum, what could be improved, and what changes will be made)*

What Went Well:

- Scrum was productive

What Could Be Improved:

- Have team members be up to speed on the codebase
- More screen sharing from full team to better explain changes made to the project.

Changes To Be Made:

- N/A
